**Comments for Public Posting:** Regarding the proposed Valor Academy School on Plummer street right next to 405 freeway: 1. North Hills needs open space for children to run rather than play in the streets. 2. Adults in North Hills need a community center to gather for activities. 3. Putting another school in North Hills makes NO SENCE as there are already 24 schools. (Unless to line pockets with money) Many schools have empty classrooms already. 4. This space is up against a freeway. Was there an air quality test, and soil quality test for chemicals in the ground? The children will be breathing carbon monoxide all day. 5. Terrific fire hazard, Especially for fire trucks to maneuver. The structure proposes one way in and the same way out for vehicles. 6. How many students will be killed on Plummer street when exiting from dads car or by walking across Plummer street to enter school grounds? 7. Traffic is already congested in the morning and afternoon with work traffic. 8. Mr. & Mrs. Plummer would be AGHAST to see what is happening to their beloved property. LETS KEEP OUR VALLEY HISTORY AND NOT DESTROY SOME OF THE LAST REMAINING UNTOUCHED LAND IN THE VALLEY, BY PUTTING UNNECESSARY CONCRETE AND STEEL ON TOP OF THE LAND!!!
