Comments for Public Posting: Dear Council Members I am writing to urge you to take steps to make it easier for residents to find affordable housing, including TOC apartments. The process of finding affordable housing, including TOC apartments, has become increasingly challenging and burdensome, leaving many feeling hopeless and without options. Another key issue is the difficulty in applying for affordable housing programs, which can be overly complex and time-consuming. Therefore, I suggest implementing an easier application process that streamlines the necessary steps and reduces unnecessary bureaucracy. Furthermore, it is essential to ensure an open and fair picking process for selecting eligible applicants. By taking these measures, you can make a significant difference in the lives of those who are most in need of affordable housing. For these reasons I urge you to support Council Motion 23-0426 by Councilwoman Raman. Thank you for your attention to this matter.
