Comments for Public Posting: Please Save The Pacific Dining Car. Everything about the PDC is beautiful - the food, atmosphere, service, decor, and memories. I grew up in Orange County. The first time I visited PDC was in 2015, and I was amazed. After a concert, we stopped for a meal before the long trek back to OC. The world suddenly felt glamorous and magical the instant I stepped through the door. Since then, I always looked forward to meeting with friends and creating memories at the PDC. It was our much-loved tradition to break bread at the PDC with friends after a concert. Please do not allow another Los Angeles icon be lost. SAVE THE PACIFIC DINING CAR!
