Hello Roberto,

Our Office would like to propose an amendment to Item 8, CF 20-1341, Morris Kight Residence.

After researching the files and listening to the owner of the property and the AHC and preservationists, there is a dispute at hand that calls into question the listing of this property in the National Historic Register.

As a result, we feel that the best way to honor the legacy of this activist, who rented this house for 7 years, is to designate only the site of the property and not the improvement/house itself. This would allow the property to be developed with much needed multifamily housing on site, and include covenanted affordable units, while honoring his legacy by potentially including a plaque on the property to honor his legacy.

Please let me know if you have any further questions.

Thank you,
