Comments for Public Posting: My name is Georgina and I am with Esperanza Community Housing Corporation . Immigrants are an integral part of our communities and an essential part of the rich cultural tapestry of Los Angeles. A robust sanctuary policy is a necessary step to creating a more inclusive, multi-racial and multicultural Los Angeles. Immigrants are a strong, hard work community doing an important economic contribution to our City. 4.4 million immigrants reside in the Los Angeles metro area totaling 33 percent of the population. Of those 4.4 million, 2.2 million are potentially at risk of deportation. On behalf of this population, it is time for the City of Los Angeles to reassert its leadership on immigrant rights, and to defy the anti-immigrant bigotry that has defined national immigration policies. Immigrant Angelenos continue to face attacks from the federal immigration system. The City can ensure that its resources, property and personnel are not being utilized for any federal immigration enforcement. LA must no longer contribute to or enable the deportation pipeline and separation of families.
