

Communication from Public

Name: Noreen Ahmed

Date Submitted: 05/25/2023 03:25 AM

Council File No: 23-0008-S5

Comments for Public Posting: I am a resident in district 14 who strongly opposes this council file. Even in its outline, it cannot provide an adequate reason for enforcing a ban on overnight vehicle dwellings. Traffic is easily able to use those streets even with vehicle dwellings and there is no reason it should be a concern in the middle of the night. As rates of homelessness increase and so few have access to adequate shelter, it is unconscionable to be pushing forward with this effort. Please consider the profound impact policies like this have on people who are navigating severe trauma and on a city that prides itself on progress.
