Comments for Public Posting: Dear Council Members: I support the Ethics Commission's efforts to remain independent and to seek 'outside' legal counsel as authorized in the City's Charter. We cannot allow corruption to continue in the local government. The city should make sure that every dollar spent on outside legal counsel is accounted for. The city should make every effort to make sure that the ETHICS commission has the tools to do its job effectively. The Ethics Commission should make an effort to investigate corruption in city government. They need the resources to investigate each case. Thank you!
