Comments for Public Posting: I'd like to express my support for this motion. Try speaking about road safety around people on foot or on bike to people who mostly get around by car, the need for education is flagrant.

Comments for Public Posting: I support educating drivers on bicycle safety. It only makes sense that drivers train themselves on how best to share the road. They have the upper hand and can do great harm, if they don't know the proper ways to react.

Comments for Public Posting: I support educating drivers on bike and pedestrian safety. I also support more PROTECTED bike lanes to take vehicles out of the way of bikes once and for all.
