**Council File No:** 23-0479

**Comments for Public Posting:** Property owners all over L.A. will begin evicting low rent tenants if the owners of Barrington Plaza are allowed to proceed with their fraudulent use of the Ellis Act. If city council-members allow these evictions to proceed, property owners all over Los Angeles will evict low rent tenants in order to raise rents to obscene levels, leading to levels of homelessness that'll grow beyond manageable by those elected to govern on behalf of our collective interest and well being.
