DISCUSSION:

The tentative map of Tract No. 69684 was conditionally approved by the Advisory Agency on December 1, 2008 for a 15-unit residential condominium.

On January 28, 2009, the City Council approved associated Case No. APCNV-2008-1064-ZC-ZV for a Zone Change from RA-1 to (T)(Q)RD1.5-1 to allow 16 dwelling units in lieu of the maximum 15 units permitted in the requested RD1.5 Zone.

The Deputy Advisory Agency certifies Mitigated Negative Declaration ENV-2007-3564-MND as the environmental clearance and has determined that this project will not have a significant effect on the environment provided that the potential impacts identified are mitigated to a less than significant level through implementation of the Tract's Conditions of Approval.

The conditions of approval for the tract map have been fulfilled including payment of the Recreation and Parks Fee. Transmitted Subdivision Improvement Agreement and Contract with attached security documents guarantees construction of the required improvements. Upon approval by the Council, the final map will be transmitted to the County Engineer for filing with the County Recorder.

The expiration date of the tentative map approval is December 1, 2023.
