What's Included in the Investigation and Report:

1. PCM will send referral letters to applicable BOE Offices and other City Departments, depending on the type of easement being quitclaimed.
2. PCM will prepare a report with recommendations once all responses are received.
3. PCM will prepare a draft ordinance for approval by the City Attorney once all responses are received. The draft Ordinance and recommendation report will be sent to the City Attorney for form and legality.
4. Quitclaim is processed under the "Accelerated Review Process". Petitioner is notified by the City Clerk's Office of the time and place of the City Council meeting on the matter. If there is no objection to the report, the whole Council adopts the item.
5. After the Council adopts the City Engineer's report and Ordinance, it's sent to the BOE Real Estate Division for processing and recordation of the quitclaim deed. Real Estate can not process and record until the Ordinance become effective.

Timeframe:

- A MINIMUM of six to nine months is required to complete the investigation and hearing by the Council. Requests that require completion of conditions may take longer.
- In cases where replacement facilities and/or new easements are required, such replacements and dedications must be completed prior to the City's processing of quitclaim application.

Additional Information:

- Each project is given a title by street name and subject. The street name is that upon which the property fronts. A Right of Way Number is assigned to each project upon receipt of the investigation fee. Further information on this matter may be obtained by contacting the Land Development Group at (213) 202-3480 or via email at eng.landdev@lacity.org. When calling for information, please refer to the project title, not right-of-way number.
