**TEXT OF THE PROPOSED INITIATIVE ORDINANCE:**

**ORDINANCE NO. \_\_\_\_\_**

An ordinance proposed by initiative petition to add Article 7 to Chapter X of the Los Angeles Municipal Code, establishing the “Limit Excessive Healthcare Executive Compensation Ordinance.”

**THE PEOPLE OF THE CITY OF LOS ANGELES  
DO ORDAIN AS FOLLOWS:**

**SECTION 1. *Name***

This measure shall be known as the “Limit Excessive Healthcare Executive Compensation Ordinance.”

**SECTION 2. Section 107.00 is added to the Los Angeles Municipal Code to read:**

**Sec. 107.00. *Findings and Purposes***

This Ordinance, adopted by the People of the City of Los Angeles, makes the following Findings and has the following Purposes:

The promotion and safeguarding of public health, safety, and the general welfare is within the authority of the City of Los Angeles, granted to it by the Charter, the California Constitution, and the laws of this state. The People of the City are concerned with ever-rising healthcare costs within City borders, the difficulties that people living and working in the City face in finding high-quality, affordable, and accessible medical care, and the stark discrepancies between the compensation of hospital and other healthcare executives and frontline staff members.

The compensation paid to chief executive officers, executives, managers, and administrators of hospitals and other healthcare facilities is often excessive, unnecessary, and inconsistent with the mission of providing high-quality, affordable medical care for all. This is especially true in light of the glaring inequalities that the ongoing Covid-19 pandemic has exposed. Excessive compensation diverts funds that could be invested in providing high-quality care and expanding access to affordable medical care for all City residents, undermining public confidence that the chief concern of our major healthcare providers is serving the community, not enriching individuals. It is particularly problematic at nonprofit hospitals that do not live up to their obligations to serve the poor and uninsured. Executives, managers, and administrators of hospitals and other healthcare facilities can be reasonably compensated without receiving more than the President of the United States of America, currently \$450,000 per year. At \$450,000 per year in compensation, Los Angeles hospitals and healthcare facilities will be more than able to attract and retain effective executive leadership.

SECTION 3. Section 107.01 is added to the Los Angeles Municipal Code to read:

Sec. 107.01. *Healthcare Executive Compensation.*

a) Covered Compensation from any source for any Covered Executive shall not exceed the total compensation for the President of the United States, currently \$450,000, as set forth in section 102 of Title 3 of the United States Code.

b) Payments, compensation, or remuneration for work performed or services provided at or for a Covered Healthcare Facility by a Covered Executive shall count toward the limits set forth in this section even if made by a separate entity.

c) Payments, compensation, or remuneration by a separate entity that is purported not to be for work performed or services provided at or for a Covered Healthcare Facility by a Covered Executive but that is unreasonably disproportionate to its purported purpose, or designed to evade the limitations in this Section, shall constitute a violation of this Section.

d) The limitations in this Section shall apply to arrangements made or authorized on or after the date the City Clerk certified that the ordinance initiative petition containing this article had sufficient valid signatures to qualify the initiative ordinance enacting this article for the ballot.

SECTION 4. Section 107.02 is added to the Los Angeles Municipal Code to read:

SEC. 107.02. *Reporting and Disclosure.*

a) Every Covered Healthcare Facility shall maintain records for at least four (4) years showing compliance with the requirements of this article, including Covered Compensation for all Covered Executives; as well as such other information as the City shall from time to time require.

b) Within nine months after the close of the fiscal year, the Covered Healthcare Facility shall file a certification and annual report documenting compliance with this article, signed under penalty of perjury. The certification must be completed on a form provided by the City Attorney. The annual report must show all Covered Compensation for all Covered Executives that is within 75% of, at, or above the Covered Compensation allowed by this article.

c) The City Attorney shall have the authority to arrange for and conduct an audit for compliance with this "Reporting and Disclosure" section and this article. The City shall notify the Covered Healthcare Facility in writing at least seven (7) days prior to the date of the audit. The Covered Healthcare Facility shall make available for inspection and copying its books and records during regular business hours upon reasonable notice, and those of any relevant affiliate entit(ies). Refusal to allow or to permit such an audit after a lawful demand by the City Attorney constitutes a Willful Violation of this article.

SECTION 5. Section 107.03 is added to the Los Angeles Municipal Code to read:

SEC. 107.03. *Enforcement and Remedies.*

a) Any Person who violates any provision of this article shall be liable in a civil action brought by the City Attorney, by any Person aggrieved by a violation of this article, by any entity a member of which is aggrieved by a violation of this article, or any other Person or entity acting on behalf of the public.

b) Any Person who violates any provision of this article may be liable for an amount up to \$1,000 for each violation. Each and every day during which any violation is committed, continued, or permitted is a separate violation of this article. Interest shall accrue at the rate of 10% per annum as penalties become due and payable.

c) Any Person committing a Willful Violation of any provision of this article shall, in addition to the penalties specified in this section, be subject to additional penalties in the amount of \$1,000 per Willful Violation. Each and every day during which a Willful Violation is committed, continued or permitted is a separate Willful Violation of this article.

d) Any Covered Healthcare Facility that fails to comply with the requirements of Section 107.02 shall be liable for an amount up to \$1,000 for each day a compliant report is delinquent.

e) Any Person, before filing a civil action pursuant to this section, must first file with the City Attorney a written request for the City Attorney to commence the action. The request shall contain a statement of the grounds for believing a cause of action exists. The City Attorney shall respond within 40 days after receipt of the request, indicating whether the City Attorney intends to file a civil action. If the City Attorney indicates in the affirmative, and files suit within 40 days thereafter, no other action may be brought unless the action brought by the City Attorney is dismissed without prejudice. If the City Attorney does not respond within 40 days, or if it responds that it will not bring any action, the Person who filed the request with the City Attorney is entitled to bring a civil action as provided for herein.

f) Actions brought for the same violation or violations shall, to the extent allowable by law, be consolidated or coordinated in the court where the first-filed action is pending.

g) Any Person acting on behalf of a governmental entity that brings a civil action in a court of competent jurisdiction against any Person violating this article, upon prevailing, shall be entitled to such legal or equitable relief as may be appropriate including, without limitation, the payment of twice the amount of the required refund, penalties, and interest due, up to the maximum amount allowable by law, and for injunctive relief, and shall be awarded reasonable attorneys' fees and expenses; provided however, that any non-governmental Person or entity enforcing this article on behalf of the public shall, upon prevailing, be entitled only to equitable, injunctive or restitution relief, and reasonable attorneys' fees and expenses.

h) A court of competent jurisdiction shall have the authority to reduce the civil penalties assessed on any Person upon a showing by that Person that the civil penalty amounts, under prevailing constitutional due process standards, are confiscatory.

i) No civil action alleging a violation of any provisions of this article shall be filed more than four years after the date of the violation.

j) Within twelve months after the close of the fiscal year, any Covered Executive receiving Covered Compensation shall refund the excess amounts, if any, above that permitted by this article, plus 10% per annum interest on any excess compensation, and pay any applicable penalties. Failure or refusal to refund the excess is a Willful Violation of this article and subjects the Covered Executive and any other Persons responsible to all available enforcement mechanisms, including but not limited to those provided for in this article.

k) Any Person violating any provision of this article shall be required to reimburse the full costs of the City for investigating and prosecuting the violation upon presentation of a bill for such costs.

l) The City Attorney shall be authorized to coordinate the implementation and enforcement of this article, including delegating such authority to a designated agent, and may promulgate appropriate guidelines or rules for such purposes consistent with this article. Any guidelines or rules promulgated shall have the force and effect of law. The City shall appropriate sufficient funds to enable the City Attorney to implement and enforce this article.

SECTION 6. Section 107.04 is added to the Los Angeles Municipal Code to read:

SEC. 107.04. *Co-Existence with Other Available Relief.*

All rights and remedies provided by this article shall be in addition to and apply notwithstanding any other provision of local, state, or federal law.

SECTION 7. Section 107.05 is added to the Los Angeles Municipal Code to read:

SEC. 107.05. *Severability.*

It is the intent of the People that the provisions of this article are severable and that if any provision set forth in this article, or the application thereof to any Person or circumstance, is held invalid, such invalidity shall not affect any other provision or application of this article that can be given effect without the invalid provision or application.
