Comments for Public Posting: Griffith Park is a gem! Care for our parks, respect the native habitats that are left. DO NOT EXPAND THE ZOO!

Comments for Public Posting: Not what our fragile hills need, and unnecessary addition to an already fragile ecosystem isn't the city's best move.

Comments for Public Posting: Protect our parks, protect public land for public use, Free for all. Protect wildlife, Protect Griffith. I don't believe in expanding the Zoo, I don't believe in the amusement park/ tram/ vineyard project that is being proposed. Do not ruin this part of the park, we need to protect all of the park, this park is for all. We live in a park poor city and we don't need another amusement park to ruin public and green access for the people and animals who live here. Don't kill the green space. This expansion idea is not sustainable, does not protect future generations of angelenos and does not address the climate crisis in our city. It will make it worse. We need to focus on protecting our land and making green spaces. Thank you for reading my comment.

Comments for Public Posting: I do not support the zoo's expansion plan or the appropriation of funds to expand the size of the zoo or to add additional rides or concessions or event facilities to the zoo.
