

MOTION

Many households across the Country including in Los Angeles continue to face food insecurity. Households daily are facing the continued inflation cost on food to provide basic meals to children and seniors. Available data provides valuable insights into the alarming extent of food insecurity in Los Angeles. According to a recent survey conducted by the USC Dornsife Center for Economic and Social Research, a distressing 37% of low-income residents in Los Angeles faced food insecurity in 2022. These findings not only give rise to considerable concerns but also highlight the worsening crisis of food insecurity in Los Angeles, especially among low-income communities.

Council District 1 has the ability to respond to this crisis to provide some food resources through a unique partnership.

I THEREFORE MOVE that \$200,000 in the Council District 1 portion of the Neighborhood Service Enhancements line item in the General City Purposes Fund No. 100-56 be transferred to a new Account (21W242-CD1) in the Community Investment for Families Fund No. 100-65 entitled Central City Neighborhood Partners Mobile Food Distribution Program

I FURTHER MOVE that the Community Investment for Families Department (CIFD) be authorized to prepare, process, and execute the necessary documents with Central City Neighborhood Partners in the above amount to operate a mobile emergency food program for the term of July 1, 2023 to June 30, 2024.

I FURTHER MOVE that CIFD be authorized to make any corrections, clarifications, or revisions to the above instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections/clarifications/changes may be made orally, electronically or by any other means.
