Comments for Public Posting: I support a NO vote on file #23-0662. We on the westside where the temperature is more moderate get inundated with RV's from all over clogging our streets, spilling on to sidewalks and we have to have some sort action we can take to limit where RVs can park. Many streets are just too narrow to accommodate these oversized vehicles and leave a mess for others to clean up. This motion by Hernandez sounds like a Trumpian delay tactic. Vote NO!
