

## **CONDITIONS FOR EFFECTUATING (T) TENTATIVE CLASSIFICATION REMOVAL**

Pursuant to Section 12.32-G of the Los Angeles Municipal Code, the (T) Tentative Classification shall be removed by posting of guarantees through the B-permit process of the City Engineer to secure the following without expense to the City of Los Angeles, with copies of any approval or guarantees provided to the Department of City Planning for attachment to the subject planning case file.

Dedication(s) and Improvement(s). Prior to the issuance of any building permits, the following public improvements and dedications for streets and other rights of way adjoining the subject property shall be guaranteed to the satisfaction of the Bureau of Engineering, Department of Transportation, Fire Department (and other responsible City, regional and federal government agencies, as may be necessary). Dedication(s) and improvement(s) herein contained in these conditions which are in excess of street improvements contained in either the Mobility Element 2035 or any future Community Plan amendment or revision may be reduced to meet those plans with the concurrence of the Department of Transportation and the Bureau of Engineering:

### **Responsibilities/Guarantees:**

1. As part of early consultation, plan review, and/or project permit review, the applicant/developer shall contact the responsible agencies to ensure that any necessary dedications and improvements are specifically acknowledged by the applicant/developer.
2. **Dedications and Improvements.** Prior to issuance of sign offs for final site plan approval and/or project permits by the Department of City Planning, the applicant/developer shall provide written verification to the Department of City Planning from the responsible agency acknowledging the agency's consultation with the applicant/developer. The required dedications and improvements may necessitate redesign of the project. Any changes to project design required by a public agency shall be documented in writing and submitted for review by the Department of City Planning.
  - a. **Dedication Required:**
    - i. **Victory Boulevard** (Boulevard II) – No dedication shall be required along the subject property's street frontage on the south side of Victory Boulevard.
    - ii. **Friar Street** (Local Street) – Accept the variable width and 25-foot future street along the property frontage of Lot A and B of Tract No. 17816 to complete a 45-foot radius property line partial cul-de-sac and 25-foot half right-of-way.
  - b. **Improvements Required:**
    - i. **Victory Boulevard** (Boulevard II) – The project shall be allowed to maintain the sidewalk's existing 10-foot width along the property's street frontage. Repair all broken, off-grade or bad order concrete curb, gutter and roadway pavement along the property frontage. Reconstruct the driveways to comply with BOE's standards and ADA requirements.
    - ii. **Friar Street** (Local Street) – No street improvements shall be required along the property's street frontage on the north side of Friar Street.

### **Notes:**

Broken curb and/or gutter includes segments within existing score lines that are depressed or upraised by more than 1/4 inch from the surrounding concrete work or are separated from the main body of the concrete piece by a crack through the entire vertical segment and greater than 1/8 inch at the surface of the section.

Non-ADA compliant sidewalk shall include any sidewalk that has a cross slope that exceeds 2% and/or is depressed or upraised by more than ¼ inch from the surrounding concrete work or has full concrete depth cracks that have separations greater than 1/8 inch at the surface. The sidewalk also includes that portion of the pedestrian path of travel across a driveway.

All new sidewalk curb and gutter shall conform to the Bureau of Engineering Standard Plans S410-2, S440-4, S442-5 and S444-0.

Install tree wells with root barriers and plant street trees satisfactory to the City Engineer and the Urban Forestry Division of the Bureau of Street Services. The applicant should contact the Urban Forestry Division for further information (213) 847-3077.

Street lighting may be required satisfactory to the Bureau of Street Lighting (213) 847-1551.

Department of Transportation may have additional requirements for dedication and improvements.

Refer to the Department of Transportation regarding traffic signals, signs and equipment (818) 374-4699.

Regarding any conflicts with power pole matters, contact the Department of Water and Power at (213) 367-2715.

Refer to the Fire Department Hydrants and Access Unit regarding fire hydrants (818) 374-5005.

- c. Provide proper drainage for streets being improved and for the site being developed.
- d. Sewer line exists in Victory Boulevard. Extension of the house connection laterals to the new property line will be required. All Sewerage Facilities Charges and Bonded Sewer Fees are to be paid prior to obtaining a building permit.
- e. Submit parking area and driveway plans to the Valley District Office of the Bureau of Engineering and the Department of Transportation for review and approval.

### 3. **Street Trees.**

- a. Project shall preserve all healthy mature street trees whenever possible. All feasible alternatives in project design should be considered and implemented to retain healthy mature street trees. A permit is required for the removal of any street tree and shall be replaced 2: 1 as approved by the Board of Public Works and Urban Forestry Division.
- b. Plant street trees at all feasible planting locations within dedicated streets as directed and required by the Bureau of Street Services, Urban Forestry Division. All tree plantings shall be installed to current tree planting standards when the City has previously been paid for tree plantings. The sub divider or contractor shall notify the Urban Forestry Division at:

(213) 84 7-3077 upon completion of construction for tree planting direction and instructions.

**Note:**

Removal of street trees requires approval from the Board of Public Works. All projects must have environmental (CEQA) documents that appropriately address any removal and replacement of street trees. Contact Urban Forestry Division at: (213) 847-3077 for tree removal permit information.

4. **Street Lighting.** No street lighting improvements if no street widening per BOE improvement conditions. Otherwise, relocate and upgrade street lights: one (1) on Victory Blvd. and one (1) on Friar St.

**Notes:**

The quantity of street lights identified may be modified slightly during the plan check process based on illumination calculations and equipment selection.

Conditions set: 1) in compliance with a Specific Plan; or 2) by LADOT; or 3) by other legal instrument excluding the Bureau of Engineering conditions, requiring an improvement that will change the geometrics of the public roadway or driveway apron may require additional or the reconstruction of street lighting improvements as part of that condition.
