Comments for Public Posting: Comments regarding the use of these Oversized Parking Signs: ? It is displacement without providing reasonable alternative services, such as 24hour Safe Parking for oversized vehicles. ? A large percentage of the people living in RVs are disabled and need a safe place and want services. ? The majority of the vehicle [un]housed want permanent housing. From the Resolution, Agenda Item 8: - West Charnock Rd between McLaughlin and Federal One lone Class A RV with an area kept tidy and nifty potted plants. No evidence of outreach. The majority of parking being restricted on this block is by a fenced street via a large development construction - probably NOT low-income - Westland Ave between Beatrice and Jefferson Two Oversized vehicles. One was interviewed and surveyed. This person is a senior, has serious medical issues and was recently hospitalized after major surgery. No outreach has occurred, according to this person - despite being there since covid. They want 24hour safe parking and linkage to permanent housing, among many other needed services. This area is surrounded by primarily luxury developments on one side and business on the other. - Alvern Circle between Flight and Alvern Street This is next to La Tijera and the people living on this block in oversized vehicles are all Black. Two of the three oversized vehicle residents were interviewed and surveyed. They wanted Safe Parking and linkage to permanent housing. One wanted a hotel room and admitted to being disabled and receiving SSI. The other asked for SSI application assistance. Both said LAHSA came around but never had the services. - Appleby St between Lake and Vernon There are no oversized vehicles on this block. It's curious why the city is even paying for signs here.

Comments regarding the use of these Oversized Parking Signs:

- **It is displacement without providing reasonable alternative services, such as 24hour Safe Parking for oversized vehicles.**
- **A large percentage of the people living in RVs are disabled and need a safe place and want services.**
- **The majority of the vehicle [un]housed want permanent housing.**

From the Resolution, Agenda Item 8:

- **West Charnock Rd between McLaughlin and Federal**

One lone Class A RV with an area kept tidy and nifty potted plants. No evidence of outreach. The majority of parking being restricted on this block is by a fenced street via a large development construction - probably NOT low-income

- **Westland Ave between Beatrice and Jefferson**

Two Oversized vehicles. One was interviewed and surveyed. This person is a senior, has serious medical issues and was recently hospitalized after major surgery. No outreach has occurred, according to this person - despite being there since covid. They want 24hour safe parking and linkage to permanent housing, among many other needed services. This area is surrounded by primarily luxury developments on one side and business on the other.

- **Alvern Circle between Flight and Alvern Street**

This is next to La Tijera and the people living on this block in oversized vehicles are all Black. Two of the three oversized vehicle residents were interviewed and surveyed. They wanted Safe Parking and linkage to permanent housing. One wanted a hotel room and admitted to being disabled and receiving SSI. The other asked for SSI application assistance. Both said LAHSA came around but never had the services. No pictures taken here for reasons of privacy.

- Appleby St between Lake and Vernon

There are no oversized vehicles on this block. It's curious why the city is even paying for signs here.
