Council File No: 19-1020

Comments for Public Posting: My name is LaRae Cantley I support Agenda item #5 I serve as core team member of the Domestic Violence Homeless Services Coalition and as Co-Chair on the Los Angeles Homeless Services Authority "Lived Experience Advisory Board. As a Black women, a Survivor of D.V and Homelessness with my children, I am in favor and strongly recommend that those closest to the issue and closest to the solutions are brought into the conversations with strong positioning as a Commission to address these long standing inequities as a collective to advise recommendations with valuable wisdom and expertise in living through the disparities faced by those that are marginalized and deserving of a voice and real authority in the design of how we'll help our unhoused neighbors. We are prepared to help and we need your support in doing so!!
