CAO File No. 0160-01542-0012

Council File No. --

Council District: All

To: The Mayor and Council

From: Matthew W. Szabo, City Administrative Officer

Reference: Transmittal from the Board of Police Commissioners dated June 6, 2023

Subject: **PROPOSED ADJUSTMENTS TO POLICE COMMISSION PERMIT FEES FOR
CALENDAR YEAR 2024**

RECOMMENDATION

That the Council, subject to the approval of the Mayor, instruct the City Attorney to draft the appropriate ordinances to effectuate the recommended fees contained in the Board of Police Commissioners report dated June 6, 2023, to amend Police Permit Fees for Calendar Year 2024.

SUMMARY

At its meeting of June 6, 2023, the Board of Police Commissioners (Board) approved the 2024 Calendar Year (CY) revised police permit fee schedule adjustments for business activities under the purview of the Board. In accordance with the provisions of Mayoral Executive Directive No. 3, the Board transmits the revised Police Permit Fee Study for proposed ordinance changes to police permits for the 2024 CY.

The Board is recommending a fee increase for 54 initial (new) Police Permit Fees to ensure full cost recovery of the services provided in the issuance of the permits. The adjustments to the initial Police Permit Fees are due to increases in the salary rates and Cost Allocation Plan (CAP) rates that are applied to the fee calculations. Similar to the increase in initial Police Permit Fees, adjustments to the Police Permit Renewal Fees are attributable to increases in salaries, and an increase in CAP rates.

All recommended adjustments to the fee structure will require an Ordinance to amend applicable Los Angeles Municipal Code (LAMC) sections prior to implementation, and are subject to the approval of the Mayor and Council. The updated fee structure will be effective for the entire CY 2024. New permits issued during the first six months of Fiscal Year (FY) 2023-24 will be issued under the current Police Permit Fee schedule, and new permits issued for the latter six months of FY 2023-24, starting January 1, 2024, will utilize the proposed initial Police Permit Fee schedule. Permit Renewals issued beginning November 1, 2023, which are effective January 1, 2024 for the entire calendar year, will be issued under the proposed Police Permit Renewal Fee schedule. This Office concurs with the recommendations proposed and methodology undertaken by the Board in determining the fee adjustments.

BACKGROUND

In accordance with the Los Angeles Municipal Code (LAMC) Section 103.12, the Board is responsible for issuing permits for more than 50 different types of businesses and activities within the City. Each permit has an associated fee, intended to recover the actual costs to the City for issuing the permits and administering and enforcing the permit programs. These permits ensure that businesses with a public safety element are operated by qualified persons. Business owners are required to obtain a permit before opening a new business or when a business has changed locations. Owners are also required to renew permits on an annual basis.

Methodology

To establish the cost associated with each permit, Police Commission staff conducted a time and motion study to confirm all the activities associated with the processing of these permits, and the personnel involved in each activity and the amount of time spent. The amount of time, expressed in the percentage of one hour, was multiplied by the position's average hourly salary rate. The hourly rates are from the LAPD's 2022-23 Wages and Count (W&C) for Civilian and Sworn Employees calculation, using methodology approved by the City Administrative Officer for the Fiscal Year (FY) 2023-24 budget. The W&C averages the gross salary rate of all employees within the same classification in a given department to account for different salary levels created by salary step increases and bonuses. To determine indirect costs such as fringe benefits, direct salary costs were multiplied by the rates established in the current FY 2022-23 Cost Allocation Plan (CAP) 45 as prepared by the Controller's Office. The rates are used with agencies citywide when calculating the cost of providing special services.

Per CAP 45, the Department's civilian overhead rate is 68.90 percent, which is a decrease of 68.83 percent from CAP 43 rate of 137.73 percent applied to last year's fee calculation. The total CAP 45 sworn overhead rate without field support is 82.54 percent, a decrease of 58.05 percent from the last applied CAP 43 rate of 140.59 percent. The cost for services provided by employees at the City's Office of Finance (Finance) was also factored into the permit fee recalculations. The direct costs were based on the Finance's FY 2022-23 W&C while indirect costs were likewise based on the current year FY 2022-23 CAP 45. The indirect cost rates for the Finance employees were reduced from the CAP 43 rate of 171.77 percent to CAP 45 rate of 150.52 percent, a decrease of 21.25 percent. This Office has reviewed the Board's report and concurs with the proposed fee adjustments and the methodology undertaken for establishment of the fees. The proposed fees are in compliance with the City's Financial Policies requiring full cost recovery for special services.

Revenue

The Board estimates that the new fee schedule will generate a total of \$5.06 million in revenue in FY 2023-24 based on the number of initial (16,967) and renewal (125,067) permits issued in CY 2022, which is the last full year of data until CY 2023 concludes. This is a decrease of \$0.68 million from FY 2022-23 projected revenue. The table below provides a summary of the projected revenues.

CY 2024 Police Permit Fees – Projected Revenue

Police Permits*	No. of Permits CY 2022	Projected Revenue FY 2022-23	Projected Revenue FY 2023-24	Increase (Decrease)
Initial Permit	16,967	\$ 969,290	\$ 925,929 **	\$ (43,361)
Permit Renewals	125,067	4,771,092	4,130,817	(640,275)
Total	142,034	\$ 5,740,382	\$ 5,056,746	\$ (683,636)

*Includes 16,345 initial number of permits and 121,185 permit renewals for Permit No. 8, Alarm Systems Subscribers.

**Projected revenue is based on six-months of current initial Police Permit Fee schedule and six-months of the proposed initial Police Permit Fee schedule.

Further details on the proposed Police Permit Fees are provided in the attached correspondence from the Board of Police Commissioners dated June 6, 2023.

FISCAL IMPACT STATEMENT

Approval of the proposed adjustments to the Police Commission Permit Fees, as recommended in this report, are estimated to generate approximately \$5.06 million in revenue for the services provided in Fiscal Year 2023-24.

FINANCIAL POLICIES STATEMENT

The recommendation stated in this report is in compliance with the City's Financial Policies in that the proposed fees are deemed fair and expected to recover the full cost of the services provided.

INTRADEPARTMENTAL CORRESPONDENCE

June 6, 2023

TO: Honorable Board of Police Commissioners

FROM: Executive Director, Board of Police Commissioners

SUBJECT: RECOMMENDED ADJUSTMENTS TO POLICE PERMIT FEES FOR
CALENDAR YEAR 2024

RECOMMENDED ACTION:

That the Board of Police Commissioners:

1. APPROVE and RECOMMEND adoption of the adjustments to the fee structure for initial and renewal permits and relocation fees and TRANSMIT the report to the City Administrative Officer and the Chief Legislative Analyst.

BACKGROUND

The Mayor's Executive Directive No. FM-3, directs all Departments to submit annually to the City Administrative Officer a report setting forth the costs for each special service it renders including recommendations for adjustments to the fee structure. This report is being submitted as required to recommend adjustments to the fee structure for Calendar Year (CY) 2024¹. All the recommended adjustments to the fees, once approved by the Mayor and City Council, will require an Ordinance amendment prior to implementation.

METHODOLOGY

To establish the cost associated with each permit, Police Commission staff conducted a time and motion study to confirm all the activities associated with the processing of these permits, the personnel involved in each activity and the amount of time spent. The amount of time, expressed in the percentage of one hour, was multiplied by the position's average hourly salary rate. The hourly rates are from the Department's 2022-23 Wages and Count for Civilian and Sworn Employees calculation, using methodology approved by the City Administrative Officer for the Fiscal Year (FY) 2023-24 recommended budget.

To determine indirect costs such as fringe benefits, direct salary costs were multiplied by the

¹ This report addresses all police permit fees under L.A.M.C. § 103.12, except for Alarm System Subscribers, which will be addressed in a separate report.

rates established in the current FY 2022-23 Cost Allocation Plan (CAP) 45 prepared by the Controller's Office. The rates are used city-wide when calculating the cost of providing special services.

Per CAP 45, the Department's civilian overhead rate is 68.90%, a decrease of 49.97% from 137.73% CAP 43 applied to last year's fee calculation. The total sworn overhead without field support is 82.54%, a decrease of 41.29% from the last applied CAP rate of 140.59%. The rate for sworn positions in field operations is 111.53%, a decrease of 31.05% from last year's rate of 161.76%.

The cost for services provided by employees at the Office of Finance (Finance) was also factored into the permit fee recalculations. The direct costs were based on their Office's FY 2022-23 Wages and Count while indirect costs were likewise based on the current FY 2022-23 Cost Allocation Plan 45. The indirect costs rates for the Finance employees decreased from the CAP rate of 171.77% to 150.52%, a decrease of 12.37%.

DISCUSSION

I. Initial Police Permit Fee Recommendations

The Alarm Permit and Renewal Fees were evaluated in this report for CY 2023.

The Police Commission Permit Processing and Records Section (PPRS) continues to maintain its effective workflow in processing initial permits. In coordination with Finance, PPRS conducts permit classes to provide comprehensive information and ensure full compliance to permit requirements. Staff receive applications and payments, record and update information on the LATAX database, respond to follow up questions, and ensure that required investigations and inspections are undertaken. Once all the requirements are met and the permit is granted by the Executive Director and/or the Police Permit Review Panel, Finance prints and mails the permit.

Sworn staff of Commission Investigation Division (CID) are also involved in the granting of initial permits. Their tasks include but are not limited to the review of applicants' background, criminal history and financial records. They coordinate with other City Departments and undertake site inspections as required to ensure compliance to State laws and Municipal codes. Sworn staff of the Department's Commercial Crime Division are tasked to review permit applications for some business such as pawnbrokers, junk dealer and swap meet operator. Their staff time is calculated accordingly and added to the costs.

Additional costs include the time spent by Police Commission civilian staff to calculate and prepare a report with updated permit fee recommendations, the annual maintenance of, and user licenses for Cry Wolf and Medallion, software systems used to manage police and alarm permits, and printing and postage costs.

Decreases to the salary rates and CAP rates applied to staff time spent on processing applications and the above-mentioned additional costs have resulted in decreases of cost for all initial permits. Refer to Attachments I, II & II-A for details on the recommended fees and projected cost recovery for all initial permit applications.

Identification Cards

Escorts, Ammunition Salespersons, Tow Unit Operators and Valet Parking Attendants are required to wear a Police Commission identification (ID) card during business hours. However, there is no PC ID fee charged to any permit.

II. Police Permit Renewal Fee Recommendations

Staff from Finance and sworn and civilian employees from Commission Investigation Division (CID) are involved in the permit renewal process. The tasks handled by Finance include mailing original, reapplication, and delinquent renewal notices, processing return envelopes, depositing payments, updating the LATAX (permit and payment) database, and reviewing all renewal applications by a supervisor. The cost associated with Finance staff is calculated at \$20.42 (Refer to Attachment III).

Sworn staff from CID spend approximately 35% of their time on inspection of police-permitted businesses seeking renewal of their permit. The annual cost for sworn-employee time, including indirect costs divided by the approximate number of renewal permits granted in 2022 was calculated at \$148.17 per renewal permit. This represents an increase of 11.48% from the prior CY due to the decreased number of permits granted. The cost associated with civilian employees tasked with mailing certificates (permits) was calculated at \$1.45.

As with initial permits, the cost for Police Commission civilian staff to calculate permit fees and to prepare a report with recommendations; the annual maintenance of, and user licenses for Cry Wolf and Medallion; and printing and postage costs were also included in the calculations.

The recommended renewal fee for several permits will be the same as for their new permits since the initial fee is significantly lower than the recommended renewal fee. Refer to Attachment III for details.

The current rate to renew an alarm system permit is \$26 and the cost calculated for the recommended new rate remained the same as \$26. Currently, Los Angeles Municipal Code 103.206 (f) requires alarm system users to pay a Late Permit Penalty of \$15 if the permit renewal fee is paid between January 1st and March 31st, of each year. If the annual renewal fee is paid after March 31st, an additional \$15 Late Permit Penalty is assessed. Any Late Permit Penalty is in addition to the Alarm System permit fee.

III. Projected Cost Recovery for all Police Permits

If the attached recommended fees are adopted (Attachments I, II, III and IV), the following table reflects the projected cost recovery based upon the number of permits issued in 2022:

Los Angeles Police Department Police Permits	Expected Current Cost Recovery FY 2022-23	Projected Cost Recovery FY 2023-24 ¹	Increase/Decrease
Initial Permit	\$969,290	\$925,929	-\$43,361
Permit Renewals	\$4,771,092	\$4,130,817	-\$640,275
TOTAL	\$5,740,382	\$5,056,746	-\$683,636

¹ Police Permit Fees are adopted by CY while cost recovery is projected by Fiscal Year. Hence six months cost recovery is based on current CY fees and 6 months is based on the next CY fees.

Projected cost recovery for both initial permits and permit renewals assumes that Section 103.12 of the LAMC will be amended by the City Attorney's Office by July 1, 2024 to allow the new fees to be in effect for CY 2024. Renewal notices with the new CY fees are sent out by Office of Finance November 1st of each year and payments received thereafter use the new CY rates.
