A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: Re: Oppose State Senate Bill 423 unless amended to exempt jurisdictions without a certified LCP The following resolution was approved at the August 21, 2023 meeting of the Coastal San Pedro Neighborhood Council Board. Whereas Senate Bill 423 was amended on July 10, 2023 to change from maintaining the Coastal Zone exemption to exempt only certain areas of the Coastal Zone, such as those vulnerable to sea level rise or within a 100 foot radius of a wetland, and to not exempt areas subject to a certified Local Coastal Program (LCP) or a certified Land Use Plan (LUP); Whereas, Coastal Act Section 30604(a) requires that prior to certification of an LCP, a coastal development permit shall be issued if the issuing agency, or the commission on appeal, finds that the proposed development is in conformity with Chapter 3 (commencing with Section 30200) and that the permitted development will not prejudice the ability of the

local government to prepare a LCP that is in conformity with Chapter 3; and Whereas applying SB 423 to areas with only a certified LUP, such as is the case with all of the Los Angeles Coastal Zones, would prejudice the ability of the local government to prepare a LCP that conforms with Chapter 3 of the Coastal Act as it would allow for projects that do not conform with the Coastal Act. Resolved, the Coastal San Pedro Neighborhood Council strongly recommends that the City modify its 2023 State Legislative Program position for Senate Bill 423 from “support if amended to maintain the Coastal Zone exemption and provide an unconditional exemption for the Very High Fire Hazard Severity Zones” to “oppose unless amended to exempt jurisdictions without a certified LCP and provide an unconditional exemption for the Very High Fire Hazard Severity Zones.”

Re: Oppose State Senate Bill 423 unless amended to exempt jurisdictions without a certified LCP

The following resolution was approved at the August 21, 2023 meeting of the Coastal San Pedro Neighborhood Council Board.

Whereas Senate Bill 423 was amended on July 10, 2023 to change from maintaining the Coastal Zone exemption to exempt only certain areas of the Coastal Zone, such as those vulnerable to sea level rise or within a 100 foot radius of a wetland, and to not exempt areas subject to a certified Local Coastal Program (LCP) or a certified Land Use Plan (LUP);

Whereas, Coastal Act Section 30604(a) requires that prior to certification of an LCP, a coastal development permit shall be issued if the issuing agency, or the commission on appeal, finds that the proposed development is in conformity with Chapter 3 (commencing with Section 30200) **and that the permitted development will not prejudice the ability of the local government to prepare a LCP that is in conformity with Chapter 3; and**

Whereas applying SB 423 to areas with only a certified LUP, such as is the case with all of the Los Angeles Coastal Zones, would prejudice the ability of the local government to prepare a LCP that conforms with Chapter 3 of the Coastal Act as it would allow for projects that do not conform with the Coastal Act.

August 22, 2023 – Page Two

Resolved, the Coastal San Pedro Neighborhood Council strongly recommends that the City modify its 2023 State Legislative Program position for Senate Bill 423 from “support if amended to maintain the Coastal Zone exemption and provide an unconditional exemption for the Very High Fire Hazard Severity Zones” to “oppose unless amended to exempt jurisdictions without a certified LCP and provide an unconditional exemption for the Very High Fire Hazard Severity Zones.”
