Comments for Public Posting: This racist resolution asks to exempt rich, white areas of Council District 11 from the requirement of taking on any multi-unit affordable housing. This will not stand. The people of Los Angeles will have JUSTICE. Further, this incomplete, inept resolution fails to acknowledge the undisputable fact that CD 11 will have to meet its target numbers for RHNA (63,000 units) on the backs of the poorer people of color if it is accepted. What a surprise: The areas to be exempted are the among the wealthiest and whitest and highest opportunity areas in the city. RACISTS!!! Still worse, the resolution is based on a totally false proposition that those who live in low or moderate income housing are more of a fire danger than people who live in the upscale parts of CD11. Likewise, there is also no evidence that people who need low or moderate income housing will threaten the coastal zone. To put it simply, WHAT A LOAD! If the plan is to create tension and strife between the economic classes and races in Los Angeles, this Bassackwards resolution will go along way to meeting that goal. Otherwise, HOW STUPID (or is it just Racist) are those who submitted this resolution. Show a little good sense and reject this racist resolution.
