Comments for Public Posting: Hi City Council: As a resident of Hollywood, and as an active pedestrian in the community, I ask that the City Council vote to support the Project to bring Raising Cane's to the area. The Project was previously approved by the City's Zoning Administrator and the APC. The City Council should do the same. My friends in college would frequently meet at a Raising Cane's on campus at Boston University on "Chicken Thursdays" and having one nearby would bring back a lot of great memories. The Project would help activate the existing streetscape by providing a new, pedestrian-friendly commercial use that would serve as a significant improvement over the now-vacant site. This is the kind of redevelopment sorely needed at this site. This site is located along one of the City's major commercial thoroughfares and is the perfect site for the proposed use. I urge the City Council to consider the consequences of allowing this site to remain vacant year after year and depriving Hollywood residents of the joy of Cane's sauce. Best, Doug
