**Comments for Public Posting:** I am a homeowner in Eagle Rock and I fully support the passing and enforcement of 23-0008-S5. I am very concerned about the safety of our neighborhood and believe that this will help our community.

**Comments for Public Posting:** As a new home buyer in the area, I strongly support this measure. The RV situation on Yosemite has gotten out of control. When we purchased our new home in July of this year, the presence of the permanent RV "village" on Yosemite, the transient population, drugs, and trash EVERYWHERE was a major concern. I hoped it would get better--or at least not get any worse--but I was wrong. As you all know, once one RV takes hold and starts "servicing" the local homeless population, the area becomes a magnet. Before we had even moved in, my worst fears were realized--one of the RVs (a broken down smelly mess of a vehicle) had parked right in front of our house. Trash was accumulating everywhere, strange people were coming through and causing disturbances at night, and worst of all, I watched as drugs were being sold out of the RV to all manner of strange looking people. And bear in mind, this is happening right in front of my house. I was looking forward to starting a new life in Eagle Rock, but this situation has caused me to really regret purchasing in this area. I'm embarrassed to bring family members to my new house because of what's going on outside the front door. I love the community, but this street has become a literal cesspool, and everywhere I look I see health and personal safety issues. I very much hope the City acts promptly to remedy this problem, as it seems to grow worse by the day. Even walking to Sprouts is an ordeal--human waste, random junk, trash, and tents blocking the walkway--it's really gross, and makes Eagle Rock look like a city that is either in rapid decline or completely indifferent to the quality of life of its residents. Please, please, please -- remedy this RV situation and make this part of town a place people feel safe visiting. Thank you.
