RE: COUNCIL FILE TRANSMITTAL

On September 27, 2023, the Public Works Committee considered a Bureau of Engineering (BOE) report relative to improvements to the City's sidewalk programs, Council file No. 21-1469. After consideration, the Committee moved to approve the BOE recommendations with the amendment to **revise** the language for Recommendation No. 3 as follows:

DIRECT the Bureau of Engineering, in consultation with the City Attorney, Bureau of Street Services, Los Angeles Department of Transportation, and other relevant departments, to report in 120 days to the Council with recommended changes to sidewalk and pedestrian facility related ordinances and policies either consistent with the "public stewardship" framework or other pathways to prioritizing sidewalk repairs, including recommended exceptions to maintain property owner, developer, and other public agency responsibility under specific circumstances.

This file is now transmitted to the Personnel, Audits, and Hiring Committee.

A handwritten signature in black ink, appearing to read "Michael Espinosa".

Michael Espinosa
Legislative Assistant
Public Works Committee
