Re: Letter of Support for Rendon Hotel/ CF: 22-1162

Dear Mr. Harris-Dawson,

On behalf of Ironworkers Local 433, I am writing to you today to express our organization's support for the proposed Rendon Hotel project in Los Angeles.

We are enheartened by the fact that the Applicant has made steadfast commitments that will ensure the employment of a locally trained and skilled workforce for construction, maintain area wage and benefit standards, and support local workforce training and development. Such commitments are far more than on-paper and intangible benefits. Such commitments ensure that Local 433 members have the means to provide for their families and be upstanding and productive members of their communities.

At a time of great economic need like the present, we believe we need to advocate for exactly the sort of development that I have described above. In addition, the Applicant is committed to providing preference to working men and women associated with the property. Indeed, this applicant has gone above and beyond their requirements to make the project stand on its own merits.

Because of this Applicant's commitment and vision, we are enthusiastically in support of the project.

Sincerely,

Keith Harkey
Business Manager
