**Comments for Public Posting:** Dear PLUM committee members, I am a 16-year-old student who was raised in Lincoln Heights. I am opposed to the 7-story apartment complex planned to be built for USC students. If you continue with the plan USC has for these apartments it will cause an upward rise in high-income housing and businesses, this is only the start. The community of Lincoln Heights will be forced to move out somewhere cheaper if it continues, destroying businesses and the close community that has been there for years. Unlike the students of USC, not many have the luxury of choosing where they want to live. Please consider the community you will be affecting.
