---

DATE: May 4, 2016

TO: Honorable Members of the Entertainment and Facilities Committee

FROM: Sharon M. Tso *SMT*  
Chief Legislative Analyst

Council File No: 07-1586-S2  
Assignment No: 16-05-0384

SUBJECT: Proposed Contract with FilmL.A., Inc.

### BACKGROUND

On April 21, 2009, Council approved a Request for Proposal (RFP) for the provision of film permitting coordination services in the City. FilmL.A. was the only respondent to the RFP. FilmL.A. is a private 501(c)(4) not-for-profit community benefit organization, charged with coordinating permits for on-location motion picture, television and commercial production. They are located in Hollywood. The City of Los Angeles executed a contract with FilmL.A., Inc. (FilmL.A.) for film permitting coordination services in the City on March 23, 2010 for a five-year term with three options to extend the contract for five years each.

The initial five-year term expired on June 30, 2015, but the option to extend was not exercised because the City and FilmL.A. identified issues with certain provisions in the existing contract that needed to be resolved, in addition to some technical amendments. FilmL.A. and the Economic Workforce Development Department (EWDD or Contract Administrator), which is the Contract Administrator, agreed to extend the existing contract to September 29, 2015 via a letter of agreement. Due to ongoing negotiations, EWDD and FilmL.A. signed a second letter of agreement to extend the contract to October 30, 2015. On October 30, 2015, the City and FilmL.A. needed additional time to discuss provisions within the contract; therefore, on November 18, 2015, Council approved Motion (Martinez-Krekorian) (C.F. 07-1586-S2) to extend the existing contract for an additional six months to April 30, 2016 to provide City staff and FilmL.A. with additional time to discuss proposed revisions to the contract. The Motion instructed the Chief Legislative Analyst (CLA), City Administrative Officer (CAO), City Attorney, and EWDD to negotiate and execute a contract renewal with FilmL.A. for a five-year term.

Subsequently, on April 22, 2016, the Council approved a CLA report (C.F. 07-1586-S2) that recommended that the existing contract be extended until June 30, 2016 in order to finalize the terms and conditions of the contract with FilmL.A. Negotiations with FilmL.A. have concluded and Council action is needed to approve the five-year contract with FilmL.A. (Attachment A). The FilmL.A. Board of Directors approved the contract on May 5, 2016.

EWDD reports that FilmL.A. issued 52,469 film permits from 2010 through May 31, 2015. EWDD also reports that FilmL.A. provided satisfactory service to the Entertainment Industry Customers<sup>1</sup> (Customers) and the Customers are pleased with the services provided by FilmL.A. during the term of the contract.

### DISCUSSION

After several months of negotiations, the City and FilmL.A. have agreed to the terms and conditions of the contract (Attachment A). City staff and FilmL.A. negotiated technical amendments to the contract in addition to several new provisions. The following is a summary of the new provisions that have been added to the contract:

---

<sup>1</sup> Entertainment Industry Customer refers to all who apply for City film permits through FilmL.A. including, but not limited to, companies, corporations, schools and individuals.

- **Student Film Permit Fee Waiver** - Section 16 states that FilmL.A. will comply with the City's policy regarding the City student film permit fee waiver, as determined by the Permit Authority and other applicable City departments, and may advise on procedures as needed regarding this policy.

Currently, the Los Angeles Police Department (LAPD) is the City's Permit Authority responsible for approving all permits requested for filming in the City. LAPD has an existing agreement with FilmL.A. to waive the permit fee for certain student film productions. In order to qualify for the fee waiver, the students must: (1) present letters and/or certification from their place of certified education; (2) limit their productions to six or less people on set, including actors, cameraman and all assistants and personnel; (3) refrain from using simulated gunfire or explosions, pose a risk to the safety of person and/or property, or block or impede pedestrian and/or vehicular travel. The City considered including these criteria in the contract, but determined that it would unnecessarily restrict the City's ability to change the agreement in the future and would require a contract amendment. This provision was added to the contract to ensure that FilmL.A.'s permitting operations are consistent with the City's existing policy on the student film permit fee waiver, while retaining the flexibility to adjust the policy as needed.

- **Budget and Audit** - Section 22 requires FilmL.A. to submit its Annual Operating Budget to EWDD in accordance with Section 3 of Exhibit B. The draft Annual Operating Budget should include information on FilmL.A.'s projected revenues and expenditures for services provided to the City, as well as projected refunds to be issued, any potential unclaimed refund accumulation and expenditures of unclaimed refunds. As proposed, FilmL.A. is required to submit the Budget at least 60 calendar days in advance of the beginning of their fiscal year and the final budget within five (5) business days of adoption by the Board of Directors. This provision was included in the contract to ensure that the City receives information on filming activities within the City on an annual basis. Currently, the information is provided to the City on an ad-hoc basis when the information is requested.
- **Contractor Fees** - Section 23 allows FilmL.A. to offer a discount to its customers for payment by cash, check, or other means and also allows FilmL.A. to charge a surcharge to customers who elect to pay by credit card. This provision was added to the contract in response to the Entertainment Industry's desire to pay, and also FilmL.A.'s wish to accept payment of, the applicable fees with a credit card. Currently, FilmL.A. can only accept payment via cash, cashier's check, money order or company check.
- **Refund of Fees** - Section 24 was added to the contract and establishes procedures to notify and refund monies to Customers for the overpayment of City fees. This section ensures that Customers are affirmatively notified when a refund is owed to them and have up to 120 days to claim a refund. Most Customers pay the fees in advance of the City invoicing the actual amount due for City services provided during a production. The fee schedules were established by the City and used by FilmL.A. to estimate the fees that may be due for the production requested. The notification and refund procedure are as follows:
  - The film permit application and permit must include language that the Customer has 90 calendar days following the completion of the permitted activity to request any refunds of fees for services not provided by a City department in connection with the filming activity.
  - At the conclusion of the 90 calendar day period, if no request has been made and FilmL.A. has determined that a refund is owed, FilmL.A. is required to affirmatively

notify the Entertainment Industry Customer in writing (electronic and/or US Mail) at either the contact information contained within the permit application or at the last known address that a refund is due. The notification will include information on the permit number, amount of the refund owed, the refund request form, and instructions on how to claim the refund.

- The Customer will have 30 calendar days from the date of the notification to request the refund.
- The notification will also inform the Entertainment Industry Customer that any and all unclaimed refunds shall be used to support FilmL.A.'s 501(c)(4) public benefit purpose, including but not limited to, areas such as enhancing the film permitting process, marketing and promoting filming in the City, student film projects, research and education about filming, and any other uses that promote film production in the City.
- **Training** – Section 9 of Exhibit A requires FilmL.A. to provide two training sessions for Industry accounting and financial staff regarding FilmL.A.'s billing and fiscal policies within the first year after execution of the Contract. Thereafter, FilmL.A. can provide similar trainings annually or as often as needed. The trainings will ensure that Customers are aware of the new policies and procedures related to payments and refunds as set forth in the proposed contract. These may be done in-person or online. This section was added to inform Entertainment Industry Customers of the changes in FilmL.A.'s procedures particularly its procedures on refunds.
- **Automation and Linking to City Departments** - Section 10 of Exhibit A requires FilmL.A. to use its best efforts subject to available funding to upgrade their Online Permitting System to interface with systems being developed for the Recreation and Parks Reservation system, the Fire Department, and the LADOT Traffic Event Asset Management System (TEAMS). This section also requires FilmL.A. to report annually on the progress made toward using technology interface with City departments. This section was added to emphasize the need for upgrades to FilmL.A.'s Online Permitting System to interface smoothly with the City's systems.
- **Definition of "Commercial Filming"** – Section 1 of Exhibit A provides a clearer definition of "commercial filming" and photography activities that require a permit. The contract states that commercial filming and photography activities include all film, television, still and commercial filming and/or activity, no matter the method of distribution for commercial purposes. The definition was amended to account for new forms of distribution (i.e., YouTube) that were not previously contemplated in the existing contract.

#### **Other Committee Requests and Contract Provisions**

At the Entertainment and Facilities Committee meeting on April 12, 2016, the Committee requested the CLA to consider including several provisions within the Contract. These additional requests and provisions are discussed further below.

- **Notification to Customers that Refund is Owed and Utilizing Unclaimed Refunds**  
The Committee instructed the CLA to consider a resolution of how to utilize unclaimed refunds and a method to notify Customers that a refund is owed. Section 24 of the Contract, as described above, establishes the notification and refund procedures.

In addition, Section 24 states any and all unclaimed refunds are to be used to support FilmL.A.'s 501(c)(4) public benefit purpose, including but not limited to, areas such as enhancing the film permitting process, marketing and promoting filming in the City, student film projects, research and education about filming, and any other uses that promote film production in the City.

Further, Section 22 and Section 3 of Exhibit B requires FilmL.A. to submit its Annual Operating Budget that will include information on projected refunds to be issued and the projected unclaimed refund accumulation and expenditures of the refunds.

The addition of the refund and notification provisions within the proposed contract provides Customers with several notices that a refund may be due and a longer period to claim a refund. The number of notices provided in the proposed contract were not previously included in the existing contract. First, Customers will be provided advanced notice on the permit application and the permit that a refund may be due and how to claim it. Customers then have 90 days from the date the permitted activity is completed to claim a refund. If a Customer does not claim the refund by the end of that period, then FilmL.A. is required to affirmatively notify the Customer in writing that a refund is due and how it can be claimed. Under this new process, Customers will have up to 120 days to claim a refund. In addition, this section requires FilmL.A. to offer Customers trainings on how to claim a refund.

- **Accurate Recording of Complaints**

The Committee also instructed our office to include a provision regarding the accurate recording of complaints. The existing contract and Section 15 of Exhibit B of the proposed contract require FilmL.A. to maintain a record of all complaints lodged by the City, on behalf of the City or a City resident or business concerning on-location filming events in the City. A report on complaints is provided on a monthly basis as determined by the Contract Administrator and the Permit Authority and data related to complaints will be compiled annually. The contract also requires that the complaint data, records and background information be clear and complete. This provision is in the existing contract and will remain in the proposed contract.

FilmL.A. receives and responds to a majority of the complaints, but EWDD may also receive complaints via the EWDD website or when a call is received on 3-1-1. Our office recommends that EWDD be instructed to report annually on the complaints received by the Department utilizing the same complaint reporting format used by FilmL.A. By instructing EWDD to report on this data, it will ensure that the City has an accurate record of the complaints received by both FilmL.A. and EWDD annually.

- **Alternatives to FilmL.A. Services**

The Committee also requested our office to report on the steps the City would need to take in order to replace FilmL.A. services in the event that a contract is not approved. In order to identify a new contractor, the City would need to engage in a request for proposal process to select a new service provider. When FilmL.A. was selected in 2009, it took approximately one year to complete the RFP process and execute a contract with FilmL.A. Alternatively, the City may also develop a plan to move the film permitting coordination services function within the City. Funding would need to be identified to start and staff a “film office” to provide film permitting coordination services and community outreach. If the City selects either of the alternatives, then the City would likely need to extend the existing contract with FilmL.A. to ensure a smooth transition into the alternative system.

### **Reports Related to Administering the FilmL.A. Contract**

Section 14 of the proposed contract currently states that the Contract Administrator will conduct a performance review of the Contractor annually or as needed. The performance reviews will focus on compliance with contract terms, including issues such as customer and public satisfaction with FilmL.A.’s performance of their duties, including: impact of outreach efforts; effectiveness of marketing programs; and implementation of their administrative and financial policies. Our office also recommends instructing the Contract Administrator, currently EWDD, to report within 60 days of executing the contract with a plan to monitor and administer the contract. The requested report should include specific

information on how the performance reviews will be conducted. In addition, various sections and exhibits of the contract require FilmL.A. to meet certain milestones and provide specified reports. A plan should be in place to evaluate and report on these matters to Council.

Lastly, our office recommends that the Contract Administrator submit quarterly updates on the administration of the contract. Quarterly updates will help the City to better understand the services provided by FilmL.A. throughout the year as well as any challenges faced by the City and FilmL.A. in administering the Contract. Moreover, the City and FilmL.A. will have time during the year to rectify any issues and ensure that the contract performance metrics are met by the end of the year.

## **RECOMMENDATIONS**

That the Council:

1. APPROVE the proposed contract with FilmL.A. for a second term of five years from date of execution to June 30, 2020, with the option to extend the contract for two additional terms of five years each, for a total contract term of 20 years, subject to the terms and conditions found in Attachment A;
2. AUTHORIZE the General Manager, Economic Workforce Development Department, or designee to execute the contract with FilmL.A. on behalf of the City;

5. INSTRUCT the Contract Administrator to report quarterly on the performance metrics set forth in the contract and the Contract Administrator's reporting tool; and
6. INSTRUCT the Contract Administrator to report annually on the complaints received by the Department utilizing the same complaint reporting format used by FilmL.A.

Should the Contract be terminated for cause or by election of either party, the Contractor shall:

- Provide to the City and its agents, and grant a perpetual, royalty free license to use, all information collected, created and used under the performance of this Contract ("data") in a form facilitating the immediate use of the information within 24 hours (48 hours of information stored off-site). The terms of such license agreement shall be reasonable as compared to similar software license agreements.

- In the alternative, if both parties agree, the City may negotiate to acquire the source code for, and other rights to, the software owned by the Contractor.

### **Section 11. Compensation to Contractor**

The Contractor shall develop and maintain fee structures which eliminate the costs to City taxpayers. Contractor will receive no compensation from the City for the activities performed in connection with this Contract.

Exceptions shall include confidential employee matters and litigation. If records are stored off-site, they shall be kept in a manner that allows for the provision of the records within 48 hours. Approval of the City Contract Administrator must be obtained for a method of storage that will result in more than 48 hours to access records.
- the cooperation of its staff and Contractor's board members, in their official capacities.
- the CCA, or City Council designee, shall conduct a performance review of the Contractor annually or as needed. Performance reviews shall focus on compliance with contract terms, including issues such as customer and public satisfaction with Contractor performance of duties, including but not limited to:

The Contractor shall provide equal treatment to all similarly situated customers seeking a permit to film motion pictures, television, web shows, music videos, still photos or other purposes; seeking notification services; seeking to make comments or complaints about filming matters; and any other customers seeking services provided by Contractor to the City. Contractor will indemnify the City from the impact of not providing equal treatment. Permit and other requests will be judged solely upon the merits of the request.

### **Section 16. Student Films Permits – Exception**

Contractor agrees to comply with the City's policy regarding the student film fee waiver, as determined by the CPA and other applicable City departments, and will advise on procedures as they relate to this policy on an as needed basis.

### **Section 17. Public Records Act**

The Contractor shall familiarize themselves with the California Public Records Act and must supply all information to persons or members of the public requesting information as may be required under such act.

If a dispute arises among the City, the Contractor and a person requesting information, the City will notify the Contractor so that Contractor has the opportunity to seek a court order precluding the disclosure of such information. In the absence of the Contractor obtaining such an order, the Contractor must release the information.

Contractor acknowledges that all information generated as a result of this Contract is part of the public domain and subject to the California Public Records act. This includes permit data, location information, permittee data, revenue, costs, notification data and complaints. Contractor should take care to separate data that is proprietary so that public domain data can be accessed easily and in a timely manner.

## **Section 18. Insurance**

Contractor agrees to maintain the insurance coverages and limits listed on the Insurance Requirements Sheet, **Exhibit D**, and comply with the applicable insurance conditions set forth in **Exhibit C**, Standard Provisions for City Contracts.

## **Section 19. Lobbying**

## **Section 20. Policies and Procedures**

The Contractor shall develop and maintain clear, written policies and procedures of their operations and processes they use. It is further expected that these policies and procedures be shared and made available for review by the CCA, CPA, or City Council designee. To the extent that the policies and procedures impact City operations, approval of the Contract Administrator must be obtained prior to implementation.

## **Section 21. Technology Utilization**

The Contractor shall utilize technology to the fullest extent possible in order to provide convenience to customers, the public and any other stakeholders. This includes the efficient use of fax, email, and other devices. The Contractor shall use best efforts to cooperate fully with the City in the efficient use of technology.

## **Section 22. Budget and Audit**

In accordance with Section 3 of **Exhibit B**, Reporting and Performance Requirements, attached hereto and incorporated herein, Contractor shall provide its Annual Operating Budget to the Contract Administrator, or City Council designee.

## **Section 23. Contractor Fees**

The Contractor may charge its Customers a fee for each and any service Contractor provided under this Contract ("Contractor Fees"). These Contractor fees may be identified as an "application fee," "service fee," "transaction charge," or any other reasonable description. Prior to any change to the fee, the Contractor is required to notice CCA. Notice must be served in written form with details on revised fee structure. Notice must be received at least 30 calendar days prior to implementing any fee changes. The City has the right to review the fees that the Contractor charges its Customers. The City may require that the fees be changed if the fee increase exceeds the change in the Consumer Price Index for all goods and services for the Los Angeles Metropolitan area for the preceding period. The preceding period shall begin with the effective date of this

Contract or the effective date of the most recent change in fees, whichever is later. The preceding period shall end with the proposed effective date of the proposed fee increase.

The Contractor may offer its customers a discount for the purpose of inducing payment by cash, check, or other means not involving the use of a credit card, provided the Contractor does not deduct the discount from any City Fees required to be remitted to the City. In the alternative, if permitted by law, the Contractor may charge a surcharge to those customers who elect to pay by credit card.

#### **Section 24. Client Refund of Fees**

The film permit application and permit shall include language that the Customer has 90 calendar days following the completion of the permitted activity to request any refunds of fees for services not provided by a City department in connection with the permitted activity. At the conclusion of the 90 calendar day period, if no request has been made and the Contractor has determined that a refund is owed, the Contractor shall affirmatively notify the Entertainment Industry Customer in writing (electronic and/or US Mail) at either the contact information contained within the permit application or at the last known address. Such notice shall allow the Customer 30 calendar days from the date of notification (or mailing if by U.S. mail) in which to request the refund and include the applicable permit number, amount of the refund owed, the refund request form, and instructions how to claim. Said notice shall also inform the Entertainment Industry Customer that any and all unclaimed refunds shall be used to support FilmL.A.'s 501(c)(4) public benefit purpose, including but not limited to, areas such as enhancing the film permitting process, marketing and promoting filming in the City, student film projects, research and education about filming, and any other uses that promote film production in the City.

#### **Section 25. Reserve for City Fees**

The Contractor shall, at all times, maintain a cash balance equal to at least twice the average monthly amount of City Fees paid by Contractor to the City during the prior fiscal year (i.e., from July 1 through June 30), which will not be used to pay operating expenses. Maintain as part of its accounting system a separate account showing the amount of City Fees that the Contractor estimates it may become obligated to pay as a result of on-location filming by its Entertainment Industry Customers.

**Section 26. Branding**

The Contractor shall acknowledge the City on its website and make clear that the Contractor is not a City department nor the permit authority. The CCA's contact information, any appropriate City department's (as determined by the City) website address, and any City-sponsored survey instruments related to filming, including complaints, shall be included on the Contractor's website.

**IN WITNESS WHEREOF**, the parties have caused this Contract to be executed by their duly authorized representatives.

- In coordination with the City, develop and implement community outreach programs for residential and commercial/industrial districts on a proactive basis;
- In coordination with the City, improve conditions relating to "Commercial Filming" and photography activities for the Los Angeles City area, which includes all film, television, still and commercial filming and other related activities, no matter the method of distribution for commercial purposes;

The Contractor shall perform the following tasks:

- Coordinate processing of film permit applications from Customers;
- Interface with City departments with respect to permit applications to obtain input in developing permit terms and conditions (including any general terms, conditions and restrictions applicable to all permits), coordinate logistics relating to filming activities and perform other functions needed to assist in permit evaluation and processing. Approval of the Permit Authority shall be obtained prior to implementation of any policies or procedures which identify a protocol of when, where, at what time and under what circumstances and conditions Contractor monitors will be required for permitted activity.

Targeted service levels are as follows:

- A mutual goal of the City and Contractor is to achieve a satisfaction rating of 90% when citizen complaints are compared with total number of permitted production days for the tasks listed above. The CCA is provided the authority to make reasonable adjustments to this statistic based upon the pattern of actual complaints. Should the satisfaction rating fall below 90 percent, the Contractor shall investigate the causes and provide a report to the CCA and the Permit Authority that provides recommendations on how to improve the satisfaction rating. The Contractor shall cooperate with the City in efforts to achieve a minimum satisfaction rating of 90 percent.
- Permits shall be coordinated in a time frame which allows proper review and approval by City personnel, including but not limited to: the posting of lane, street and road closure requests, and assignment of required City personnel. All permit requests made to the Contractor and transmitted to City Departments for review must be made in advance of the requested activity and in accordance with the existing City departmental policy. The City will seek to minimize required turnaround times to the extent possible.
- All requests provided to the Permit Authority for review and approval must contain all reviews and recommendations already obtained from other City departments. The comments and recommendations from various departments may be sought simultaneously. However, when department reviews are sought from departments other than the Permit Authority, the Contractor shall include the reviews and recommendations already obtained. If any City department modifies a permit application after release, a special notification shall be made to the Permit Authority. A verbal agreement will fulfill all necessary approvals. Contractor shall provide the Permit Authority and approving department contacts with full Online Permit System (OPS) access to view verification from all involved City departments, and their status on approval.
- The release of approved permits to Customers shall be accomplished in a manner that allows the Customer to understand the limitations placed upon the requested activity and allows for sufficient community notification.
- In all instances where neighborhood filming guidelines or other City policies exist that require a community survey, the community survey must be conducted in advance of the beginning of the permitted activity, unless stated

otherwise in a separate guideline or policy adopted by the City Council. The community survey may be conducted by the production company, the Contractor or a Sub-Contractor.

All signs collected will be returned to DOT following the conclusion of the permitted activity.

## **2. Notification Services**

The Contractor will provide notification services. The Contractor will operate with the following purpose:

- Provide services to notify all affected persons and organizations within the City, including nearby residents and businesses and City entities, of upcoming filming. Permit Authority has the right to waive notification requests as necessary. Contractor shall document accordingly.

Targeted service levels are as follows:

- A mutual goal of the City and Contractor is to achieve excellent performance of the above tasks:
  - A 100% success rate in regards to the timeliness of notifications, completeness and accuracy of the activities described on the notification, and courteousness of employees.
  - A 95% success rate for posting of notices for the geographical area designated to be notified.
  - Provisions of notification services at least 24-hours in advance of the beginning low impact activity as defined by the Permit Authority.
  - Provisions of notification services not less than 48 hours in advance of the beginning high impact activity as defined by the Permit Authority.
  - When provision of notification services is not feasible under the time restrictions enumerated above, the Contractor shall request approval from the Permit Authority for variation from the minimum notice periods. Proof notifications were performed to Entertainment Industry Customers and the City. Notification must be completed in sufficient time to allow for the release of Film Permits in advance of the beginning of the permitted activity. Proof that notifications were performed is to be provided to Entertainment Industry Customers and the City.
- In the report provided by the Contractor under **Exhibit B**, Item 13, the Contractor shall report on the success of achieving each of these goals and shall provide a report to the City Contract Administrator and the Permit Authority that provides recommendations on how to improve performance.

The Contractor shall cooperate in efforts to achieve the expected success rate.

### **3. Complaint Referral Services**

The Contractor will provide complaint referral services to assist with the timely resolution of community and Entertainment Industry complaints.

- Review written stakeholder comments and complaints and, in consultation with the City, prepare written responses to the comments or complaints.

Targeted service levels are as follow:

- Provide clear and complete complaint data, records and background information. All reports will be in a format approved by the City Contract Administrator. With advance notice, the City may alter the frequency, format or nature of reports.
- Refer complaints to appropriate City personnel and Contractors within 15 minutes if the activity is currently in progress. If there is no after-hours contact provided by the City departments then the call shall be referred to the Permit Authority.
- If a complaint is received and the activity is no longer in progress, respond to the complaint on an initial basis within one (1) calendar day and

finalize/complete any responses including written, if necessary, within seven (7) calendar days.

- Provide response services to complaints on 365 days-a-year, 24 hours-a-day, 7 days-a-week basis.

#### **4. Maintenance of Records**

The Contractor is expected to maintain up-to-date and accurate records as required by **Exhibit B** to this Contract. Record keeping details should also separately account for the different types of permitted activities (exclusive of financial report which is required by other sections within the Contract) provided under this Contract, including those services specific to the City of Los Angeles and excluding other Contractor clients.

#### **5. City Fees**

The Contractor shall remit all City Fees monthly.

- The Contractor shall not deduct from any remittance to the City any transaction fees or other costs incurred as a result of accepting payment from its Entertainment Industry Customers in the form of credit card, debit, wire transfer, check, or other forms of payment.
- The Contractor shall remit City Fees to the City with U.S. currency and may not reduce payment to the City by costs associated with the conversion of foreign currency to U.S. currency.
- For film permits coordinated through Contractor, Contractor not the Entertainment Industry Customers, is obligated to pay to the City all City Fees other than those customarily collected by the City directly from the Entertainment Industry Customers. If the Contractor desires to adopt a regular business practice allowing Entertainment Industry Customers to obtain permits on credit, it may do so. However, the Contractor would still be required to remit all City Fees within 30 calendar days of receiving an invoice for City fees regardless of their ability to collect from individual Entertainment Industry Customers.
- The Contractor may collect deposits from its Entertainment Industry Customers so if violations occur deposits can be used to pay for fees/fines/financial penalties.
- The Contractor shall, after receiving from the City a final invoice for City Fees, pay to the City, in United States currency, all City Fees invoiced with the next monthly scheduled payment.

- The Contractor shall act in good faith in disputing any City Fees billed (either timely or late) by the City, and Contractor and the City will act in good faith to resolve any such dispute within a reasonable time. Once the dispute as to any City Fees is finally resolved, either by agreement between Contractor and the City or by legal action or some other agreed-upon dispute resolution method, Contractor will pay such City Fees at the same time as the next normal payment is due to the City. However, payment of disputed fees shall be separated out from the normal payment.
- If Contractor fails to pay all or any portion of City Fees within the time payment of such fees is due as set forth in this section, the payment of the unpaid portion will be considered late.
  - If a payment remains unpaid for more than 30 calendar days after it is considered late, such unpaid amount of City Fees will be considered delinquent and subject to a penalty of 1% of the delinquent amount.
  - If a payment is delinquent for more than 30 calendar days, delinquent amounts (including the 1% penalty) will also be subject to interest charges. Interest on such delinquent amounts will be calculated at a rate equal to the prime rate at the time such unpaid City Fees become delinquent plus five percent, and interest will accrue at that rate from the date the unpaid City Fees became late until payment is issued made by Contractor.

## **6. Emergency Response and Coordination**

The Contractor shall assist the City in responding to unusual occurrences and large scale emergencies when a State of Emergency is declared by the City, including canceling, revoking or not processing permit requests and communicating with the Entertainment Industry Customers.

The Contractor shall direct its staff to cooperate fully with the City and follow the direction of the Contract Administrator, the Mayor, the Emergency Operations Board and the Emergency Operations Organization for the duration of the local emergency.

The Contractor shall, as requested, cooperate with the City efforts to recover costs associated with the emergency from the federal and state governments.

The Contractor shall, as requested, coordinate the dissemination of emergency related information to the Entertainment Industry and assist the City in canceling, delaying, rescheduling and relocating filming and managing the related public relations.

## **7. Management of City Facilities for Filming**

The Contractor may manage vacant City facilities in order to maximize the potential availability of those facilities for the Entertainment Industry. The Contractor must have a management agreement in place with the City department/agency with oversight responsibility for the facility and must be in full compliance with all insurance requirements, indemnifications and liability agreements required by the City Risk Manager and the City Attorney. The term of facility management agreements must not exceed the term of this Contract.

## **8. Marketing Program**

for the City department that schedules filming activity at the facility. If for any reason Contractor is unable to continue providing a location library web site, it shall make available to the City of Los Angeles, free of charge, any photographs, documents, or systems owned by Contractor, which comprised the location library; and

- If requested by the City, cooperate with City efforts to enhance and retain jobs (within the City) in all segments of the Entertainment Industry including multimedia and other new emerging technologies.

The parties agree that the Contractor shall not be required to “brand” or identify any marketing materials created under this provision with FilmL.A.’s logo. Contractor shall not be required to provide favorable treatment in comparison to the Contractor’s other contractual clients as to the display or distribution of any such material in Contractor’s place of business or on its proprietary website. The City’s promotional material shall be treated at least equally in comparison to the material of other contractual clients of the Contractor. The City understands this may result in more than one jurisdiction being promoted as the best, most convenient, etc., location to film. Contractor is required to provide an active link(s) from its website to a City site where marketing materials are available to the public.

Nothing in this section (**8. Marketing Program**) shall require Contractor to expend its own financial resources to accomplish such marketing efforts. Implementation shall be limited based upon available funding.

## **9. Training**

Within the first year after execution of the contract, FilmL.A. shall provide two training sessions for Entertainment Industry professionals concerning FilmL.A.’s billing and fiscal policies, including refund policies and procedures. The CCA and affected City departments and Contractor shall prepare an annual plan to prioritize projects. The City may also direct Contractor to provide the City with ad hoc reports on issues of interest to the City relating to the Contract, provided that the cost of the request is not prohibitive.
2. The Contractor shall ensure that all financial data, including record keeping of assets and liabilities and accounting for services provided by contract to the City, be maintained by the Contractor separately from all other corporate activities and separate from all other clients. Reports shall include accounting of refund claims paid and retained uncollected amounts for approved Budget expenditures.

13. The Contractor shall submit a reconciliation statement and aging report with each payment of City fees. The reconciliation report shall detail the fees being submitted and related permit information. The aging report shall show the amount of City fees for which FilmL.A. has not received a final invoice after completion of the filming activity. Should the aging report show that a city department has not submitted final invoices for at least 60 calendar days after completion of the filming activity, the CCA will notify the City department and request submission of final invoices to FilmL.A. within 30 calendar days. Should the aging report show that a City department has not submitted final invoices for at least 60 calendar days after completion of the filming activity, the CCA will forward the Aging report, along with details provided by FilmL.A., to the Mayor and City Council.

### **Notification Services – Reporting Requirements**

14. The Contractor shall submit to the CCA, within 30 calendar days after the end of each quarter, quarterly summaries of notification volume and amounts collected from Entertainment Industry Customers specific to the City of Los Angeles and excluding other Contractor clients.

**PSC-6. AMENDMENT**

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

**PSC-7. EXCUSABLE DELAYS**

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. **PSC-8. BREACH**

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

**PSC-9. WAIVER**

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

**PSC-10. TERMINATION**

**A. TERMINATION FOR CONVENIENCE**

The CITY may terminate this Contract for the CITY'S convenience at any time by giving CONTRACTOR thirty days written notice thereof. Upon receipt of said notice, CONTRACTOR shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The CITY shall pay CONTRACTOR its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by CONTRACTOR to affect such termination. Thereafter, CONTRACTOR shall have no further claims against the CITY under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become CITY property upon the date of such termination. CONTRACTOR agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.

**B. TERMINATION FOR BREACH OF CONTRACT**

All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become CITY property upon date of such termination. CONTRACTOR agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that CONTRACTOR was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the CITY provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

#### **PSC-11. INDEPENDENT CONTRACTOR**

**INSURANCE CONTRACTUAL REQUIREMENTS**

**CONTACT** For additional information about compliance with City Insurance and Bond requirements, contact the Office of the City Administrative Officer, Risk Management at (213) 978-RISK (7475) or go online at [www.lacity.org/cao/risk](http://www.lacity.org/cao/risk). The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

**CONTRACTUAL REQUIREMENTS**

**CONTRACTOR AGREES THAT:**

1. **Additional Insured/Loss Payee.** The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. **Notice of Cancellation.** All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. **Primary Coverage.** CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. **Modification of Coverage.** The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. **Failure to Procure Insurance.** All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. **Workers' Compensation.** By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

**7. California Licensee.** All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

**8. Aggregate Limits/Impairment.** If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

**9. Commencement of Work.** For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.
