Comments for Public Posting: As a coalition member of UCEPP; UNITED COALITION EAST PREVENTION PROJECT; I am expressing my displeasure & concern regarding an expedited permit process posed by The City of Los Angeles; the Restaurant Beverage Program (Council File # 17-0981) would streamline alcohol permitting through 'standardization'! Such a broad approach to the issuance of alcohol permits introduces a litany of issues related to sensitive uses & developing communities! This policy changes the spirit of the proposed City program, which was envisioned for select sit-down family restaurants and is an additional reason to challenge it! Please do NOT push for anything that can STOP communities from being safe or that can prevent us from exploring our communities!
