DISCUSSION

Status of HEAP Commitments, Expenditures, and Interest Earned

As of June 30, 2020, \$86,342,331 or 100 percent of HEAP funds, including interest, had been committed. A total of \$53,832,798 or 62.3 percent, including interest, had been expended and \$32,509,532.66, or 37.7 percent is unexpended.

Table 1 summarizes HEAP expenditures and commitments and reflects \$158,393.85 in interest earnings allocated in the fifth HEAP Quarterly Expenditure Report, increasing the total HEAP grant, including interest, from \$86,183,937 to \$86,342,331. Attachment 1 provides additional detail.

*Includes \$1,328,723.66 of interest earnings through March 31, 2020.

Interest Earned on HEAP Deposits

The City has earned an additional \$139,013.59 in interest from its HEAP allocation since March 31, 2020. This Office recommends earned interest be allocated to Activity Category 1 – Capital and Operating Support – A Bridge Home (Activity Category 1). The State requires that all interest proceeds be used for HEAP-eligible activities. Consistent with Health and Safety Code Section 50214 (b), no more than five (5) percent of the total HEAP allocation plus interest proceeds may be used for general administrative purposes, and at least five (5) percent must be allocated to establishing or expanding services for youth experiencing homelessness or at risk of homelessness. This recommendation is consistent with State regulations.

REPROGRAMMING RECOMMENDATIONS

This report recommends that savings from HEAP allocations be reprogrammed or made available for other uses in Fiscal Year (FY) 2020-21. These recommendations will also reduce the amount needed to fund programs in FY 2020-21 from the State Homeless Housing, Assistance and Prevention (HHAP) Program. The reprogramming recommendations include:

- \$773,206.79 in savings from funds allocated to the Los Angeles Homeless Services Authority (LAHSA) for operations at six (6) A Bridge Home (ABH) sites (\$743,206.79) and for diversion services for families at risk homelessness (\$30,000) from Activity Categories, 1, 3 and 4.

Of this amount, \$429,754.00 was allocated from Activity Category 1 for cost of operations at five (5) A Bridge Home (ABH) sites. This report recommends reprogramming this balance, due to later than expected operating start dates for four (4) sites and the unexpended balance for furniture, fixtures, and equipment at one (1) site.

Additionally, \$313,452.79 was allocated from Activity Category 4 – Youth Set-Aside (Activity Category 4) for operating costs for youth beds at the Sunset Ave. ABH site. This report recommends reprogramming this amount to Activity Category 1. Total funds remaining in Activity Category 4 comply with the requirement that five (5) percent of HEAP funds, including interest be set aside for this purpose.

We recommend approval of the resulting reprogrammed balance of \$912,220.38 within Activity Category 1 (including earned interest) to address increased construction costs for the ABH site at 2316 Imperial Highway (\$196,190.42), adjusted cost of operations for the ABH site at 100 Sunset Avenue (\$102,030.00), and to offset \$2,897,557 in capital costs for tenant improvements at 3061 Riverside Drive (\$613,999.96).

- The Board of Public Works (BPW) reports savings in the amount of \$2,234,890 from funds allocated from Activity Category 2 – Capital and Operating Support – Skid Row (Activity Category 2) and Activity Category 3 – Capital, Operating, Services – Citywide (Activity Category 3) for the Pit Stop and Mobile Shower Programs in Skid Row (\$1,411,107) and Citywide (\$823,783) due to lower program costs than BPW's original requests for Fiscal

Years 2019-20 and 2020-21 as a result of:

- A contract amount negotiated by BPW that is lower than the amount of funds allocated;
- Staggered deployment of the new mobile shower program, resulting in decreased costs in FY 2019-20;
- The County of Los Angeles retaining one (1) of the four (4) trailers for this program to respond to the coronavirus pandemic; and
- Savings resulting from one Pit Stop location being able to use an onsite toilet rather than having a portable toilet delivered each day.

HHAP funding in the amount of \$4,910,341 has been allocated for the Pit Stop and Mobile Shower programs Citywide (\$3,935,029) and in Skid Row (\$585,312) in FY 2020-21. In order to preserve these funds for other uses, this Office will recommend corrected funding for these programs in the next HHAP grant report by reducing funds for the Citywide Pit Stop and Mobile Shower Programs by \$823,783, from \$3,935,029 to \$3,111,246, and reducing funds Skid Row Programs from \$585,312 to \$0.

This report recommends that HEAP funding allocated for the Skid Row Pit Stop and Mobile Shower Programs be reduced by \$825,795, from \$3,339,240 to \$2,513,445. These funds are recommended to be reprogrammed for the ReFresh Spot program to continue and expand hygiene services in the Skid Row Area in Activity Category 2.

- Lastly, LAHSA reports that \$600,000 allocated for Regional Coordination services in Skid Row will not be spent by June 30, 2021 due to a delayed service start date. The original projected service start date was July 1, 2019, however, the facility was closed for major renovations. The actual service start date was April 2020. We recommend that a portion of these funds be reprogrammed to the ReRefresh Spot program in the Skid Row Area (\$66,929.79) and that the balance be deobligated from this program and made available for other services in the Skid Row community (\$533,070.21).

Table 2 below summaries this information.
