Summary: The WNC thanks City Council members for approving City Council's Biodiversity Motion.

Whereas, the Wilmington Neighborhood Council is heavily concentrated with industrial businesses and the third-largest oil field in the United States.

Whereas, the residents of the WNC are under-served and disproportionately bearing the burden of environmental pollution.

Whereas, the residents of the WNC have the right to live in communities with access to nature and biodiversity to improve the quality of life.

Be it resolved, the Wilmington Neighborhood Council strongly supports the amended motion contained in City Council File 15-0499, which directs City Departments to protect, sustain and enhance biodiversity in the City, and the feasibility of implementing the City Biodiversity Index.

Be it further resolved, the WNC shall file this opinion as a Community Impact Statement.
