TO THE COUNCIL OF THE
CITY OF LOS ANGELES

Your

PUBLIC WORKS

Committee

reports as follows:

CATEGORICAL EXEMPTION and PUBLIC WORKS COMMITTEE REPORT relative to vacating the T-shaped alley southerly of 108th Street and easterly of Clovis Avenue (VAC E1401013).

Recommendations for Council action:

1. FIND that the vacation the T-shaped alley southerly of 108th Street and easterly of Clovis Avenue, is exempt from the California Environmental Quality Act of 1970, pursuant to Article III, Class 5(3) of the City of Los Angeles Environmental Guidelines.
2. FIND that the street vacation proceedings pursuant to the Public Streets, Highways and Service Easements Vacation Law be instituted for the vacation of the public right-of-way indicated below and shown colored blue on Exhibit B of the March 16, 2007 City Engineer report and attached to the Council file:

The T-shaped alley southerly of 108th Street and easterly of Clovis Avenue.

3. AMEND the March 16, 2007 City Engineer report to delete Conditions 3a and 4a.
4. ADOPT the FINDINGS of the City Engineer dated March 16, 2007, as amended, as the Findings of the Council.
5. ADOPT the accompanying City Engineer report dated March 16, 2007, as amended, to approve the vacation.
6. INSTRUCT the City Clerk to set a public hearing date for **July 11, 2007**.

Fiscal Impact Statement: The City Engineer reports that to date, an estimated \$4,356.57 in charges have been expended in the investigation and processing of this vacation. Since Los Angeles Administrative Code (LAAC) Section 7.46 exempts all governmental agencies from payment of fees, the processing of this report will be absorbed by the Bureau of Engineering (BOE). Maintenance of the public easement by City Forces will be eliminated.

SUMMARY

The City Engineer reports that the area sought to be vacated is:

The T-shaped alley southerly of 108th Street and easterly of Clovis Avenue.

(a map of the area is included as Exhibit B in the March 16, 2007 City Engineer report and is attached to the Council file). The purpose of this vacation request is to consolidate the proposed vacation areas with the adjoining properties to allow for the construction of the Maxine Waters School site. This vacation procedure is being processed under procedures established by Council on March 5, 2002 as detailed in Council file No. 01-1459.

Furthermore, according to the City Engineer, the vacation of the public street areas as shown on the map designated as Exhibit B could be conditionally approved based upon the following: 1) it is unnecessary for present or prospective public use; 2) it is not needed for vehicular circulation or access; and 3) it is not needed for nonmotorized transportation purposes.

At its regular meeting held on June 6, 2007, the Public Works Committee considered the recommendations of the City Engineer as contained in its March 16, 2007 report. After having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations as contained in said City Engineer report and detailed above in Recommendation Nos. 1 and 3-5. Additionally, the Committee moved to recommend the deletion of Conditions 3a and 4a from the March 16, 2007 City Engineer report. This matter is now submitted to Council for its consideration.

Respectfully submitted,

PUBLIC WORKS COMMITTEE
