REGULAR COUNCIL AGENDA TO BE POSTED

#55

MOTION

Under the City Charter, the Council has the authority and responsibility over City buildings / facilities. This responsibility extends to maintaining, protecting and ensuring safety at, municipal buildings and facilities, including the Civic Center complex, regional offices, libraries, community centers and park buildings.

In order to ensure that municipal buildings are operated in a manner that protects the safety of City employees and members of the public, facilitates City business, and protects the City's assets, various rules have been promulgated relating to access and safety at municipal buildings, and no doubt more such rules may be issued in the future.

Compliance with access and safety rules at municipal buildings is vital to ensuring maximum public safety, facilitation of City business, and the protection of the assets. To ensure compliance with such rules it is important that we make failure to abide by those rules a trespass.

I THEREFORE MOVE that the City Attorney be requested to prepare and present an ordinance that provides that failure to abide by the public safety, use and access rules at all City buildings and facilities, including proprietary departments, may be deemed a trespass.
