Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Eric Chao

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Joseph Tuohy

Dear Mayor and City Councilmembers,

I was annoyed by these things, and then I actually used one. Please try it!!!

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Tommy Carey

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Shaun Miles

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Michael Washington

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,
Eliza Spata-Burk
