Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowdedness with bumper-to-bumper car traffic.

Thank you,  
Sarah Kremer is eee

Dear Mayor and City Councilmembers,

I just moved back to Los Angeles from Orange County after taking a job in Santa Monica. One of the reasons I wanted to live in LA is the progressive ideology of the city, which includes considering new options for transportation. I love leaving my car at home and taking the train to work and I do this every day now. It's a lot better than the promise of sitting in traffic. However, once I arrive at the train station it's not so easy to get around. That's why I love Bird.

Hopefully in the future our city can think about how to eliminate dependency on single rider oil consuming vehicles for options like energy efficient rails, electric buses, and shared bike or scooter friendly services.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future (and the 2028 Olympic Games!) we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Nathan Awdykowyz

Dear Mayor and City Councilmembers,

I am using the metro trains more because of Bird. Instead of Ubering everywhere I need to go. I can Bird to metro stops when in Santa Monica. Having Bird in LA would get more people to and from the stations easily!

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Dominique Netterville

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
William Cloud

Dear Mayor and City Councilmembers,

I want to let you know that I do not support shared electric scooters. They are dangerous, annoying, and littered everywhere. People ride them recklessly, often ignoring common traffic laws and are endangering automobile drivers, as well as themselves.

The economic advancement opportunity of charging scooters has even led to arguments and will soon lead to physical violence amongst chargers. I urge you to remove and ban all motorized scooters on the streets before things get uglier.

Thank you,  
Jasen Shen

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Nicole Marcario

Dear Mayor and City Councilmembers,

While I agree we need common sense regulations that ensure the safety of all Angelenos, the use of eco-friendly transportation that provides last mile convenience in a city PLAGUED with PARKING PROBLEMS, POLLUTION, and TRAFFIC, the use electric scooters is a no-brainer.

While I agree that riders under 18 years old should be forced to wear helmets, scooters are no more dangerous than bicycles (probably less so due to their proximity to the ground), and requiring helmets for those over 18 years old will kill this brilliant innovation. Common sense says to allow electric scooter riders the same regulations as bicycles.

The NUMBER ONE PROBLEM we face in this city is transportation. Poor city planning and the lack of viable mass transit can be laid at the feet of your predecessors. Please do not make the same mistake. Help us fix the biggest problem in the city we all love so dearly! Make it easier to get around. Get cars off the road. Make parking a thing of the past. Show the world that Los Angeles is a city that embraces a greener more viable future.

Thank you,  
David Hwangbo

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Victor Ferrer

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly. You can try to be one of those cities that fights the inevitable future of tech & industry like those that failed to outlaw Uber and Lyft, or you can be on the right side of history.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Dylan Andrew Mcgale

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Marisaann Mendez

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic. I understand the need for regulation. I accept that Birds have their issues littering our streets. However, I live in a neighborhood where the homeless are littered on the sidewalk. I'd hope our civil efforts could be more concentrated in helping them or perhaps curbing the hit and run accidents on pedestrians and cyclists.

Thank you,  
Kevin Clackler

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

I commute on the train from Santa Monica to downtown LA daily and Bird scooters have allowed me a little more flexibility. If I am running late walking to the train I can get on a scooter or if it is a hot day I can get to the train a little less sweaty. I wear my helmet, ride on the street, follow traffic laws and make sure to park the scooter out of the flow of pedestrians, strollers and ADA walkways. Help the good riders keep these environmentally friendly scooters here in LA and Santa Monica.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Lauren Krug Ranieri

Dear Mayor and City Councilmembers,

We LOVE the BIRD. Sometimes we don't want to sit in car, we live in beautiful Southern California with the lovely weather and breeze, we WANT to be outdoors on a scooter!!

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Tali Lavi

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Raymond Hill

Dear Mayor and City Councilmembers,

Thank you for your ongoing leadership and thoughtful attention to the many issues facing our city, especially reducing traffic by allowing more multimodal transportation options.

I want to let you know that I support shared electric scooters. These innovative new modes of transportation are affordable and environmentally-friendly.

As we plan for a more sustainable future, we need to embrace innovation that makes our city greener and our streets less crowded with bumper-to-bumper car traffic.

Thank you,  
Adam Elramsisy
