Fiscal Impact Statement: The CAO reports that approval of the recommendations contained in the April 14, 2017 CAO report, will allow for the expenditure of \$5,219,323 in direct costs and \$2,906,016 in related costs for a total impact to the General Fund of \$8,125,340 through June 30, 2017. Reimbursements from the Metro are anticipated to offset \$4,062,670 of this expense in 2016-17, thereby reducing the impact to the General Fund to \$4,062,670. It is anticipated that the General Fund will be fully reimbursed for all 2016-17 expenditures by early 2017-18. Funding and authorization of position authorities for the remaining out-years of the agreement will be addressed as part of the annual budget process. These actions are in compliance with the City's Financial Policies in that General Fund receipts are sufficient to support the services provided and are fully offset by reimbursements from the Metro.

Community Impact Statement: None submitted.

### SUMMARY

On May 2, 2017, the Public Safety Committee considered the April 14, 2017 CAO report relative to proposed contract with Metro to provide law enforcement services to support bus and rail operations. According to the CAO, on May 3, 2016, Council authorized the LAPD to submit a proposal to the Metro to provide contractual law enforcement services for critical transit infrastructure and bus/rail lines within the City (Council File No. 16-0358). This proposal was submitted in response to a Request for Proposals for transit law enforcement services issued by the Metro on February 5, 2016. On February 23, 2017, the Metro Board of Directors approved a five-year contract with the LAPD as part of a multi-agency law enforcement services contract with a total compensation amount to the City of \$369.33 million commencing on July 1, 2017.

On March 1, 2017, the Metro issued a Limited Notice to Proceed (LNTP) to the LAPD, authorizing it to mobilize forces and equipment necessary to fulfill its contractual requirements starting July 1, 2017. The LAPD is acting on the LNTP by establishing a Transit Services Bureau (TSB) which will oversee delivery of services to the Metro with 69 full-time sworn (52) and civilian (17) staff, enrolling officers in a mandatory four-hour Metro transit system training, building out information technology infrastructure for the Watch Commander office and other necessary technical and communications infrastructure, and, commencing April 10, 2017, deploying officers on the Metro Blue Line trains in partnership with Metro Security, the Los Angeles County Sheriffs Department, and the Long Beach Police Department. Additional details on the strategies to be

employed by the LAPD to deliver services to the Metro are identified in Attachment A of the CAO report.

After consideration and having provided an opportunity for public comment, the Public Safety Committee moved to recommend approval of the recommendations as contained in the April 14, 2017 CAO report as modified and detailed in the above recommendations. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

PUBLIC SAFETY COMMITTEE
